### Final Reports in WebGrants

December 7, 2016

Final reports for all FY 2014 (and later) grants will be completed in the Arts Board's WebGrants system. The Arts Board will generate a set of blank final report forms for all grantees when their program's grant period ends. Final reports are then due within thirty days.

If your project is finished, and you would like to complete the final report early, contact the Arts Board at <a href="mailto:apply.arts@state.mn.us">apply.arts@state.mn.us</a>. We'll generate the final report forms for you. Be sure that any contract amendments for the grant have been approved by the Arts Board before requesting a final report.

Final report / statistical update forms for FY 2016 are currently in development.
